

Meaningful Educational Support from Gürok Group

A donation protocol was signed in a ceremony between Gürok Group and Kütahya University of Health Sciences for the renovation of the indoor sports hall located on the university's Germiyan campus.

Continuing its journey with strong brands reaching from Kütahya to the world, Gürok Group maintains its support for youth education. As part of its collaboration with Kütahya University of Health Sciences, the Group signed a protocol to support the renovation of the indoor sports hall on the university's Germiyan campus. With a contribution worth approximately 20 million TL, the sports hall will be renovated to contemporary standards and transformed into a space for holistic development for the youth of Kütahya.

At the ceremony held at the Kütahya University of Health Sciences Germiyan Campus Conference Hall, speeches were delivered by Kütahya Governor Musa Işın, Chair of the Board Rıza Güral, Vice President of the Board Esin Güral Argat, and KÜSBÜ Rector Prof. Dr. Ahmet Tekin. The new sports hall will bear the name of Gürok Group's Chair of the Board, esteemed industrialist and businessperson Rıza Güral.

An investment in our youth is an investment in our future

Expressing his feelings at the ceremony, Chair of the Board Rıza Güral said:

"I am truly happy to be here today. I was born in these lands, and I consider every service rendered to Kütahya as a debt of gratitude. I am proud to be part of an initiative that will benefit our youth. Investing in young people means investing in the future. There can be no good society without good individuals. I want our youth to think clearly, work diligently, and be productive. I am also honored that this facility will bear my name. I hope many successful young people emerge from here and contribute both to themselves and to our country. I would like to thank everyone involved, especially our esteemed Rector."

We are proud to support the development of our youth

Vice President of the Board Esin Güral Argat shared the following in her speech:

"As a group whose roots are deeply embedded in Kütahya, contributing to the land we were born in is not just a responsibility for us, but a heartfelt bond. Today, we are an industrial powerhouse exporting to more than 140 countries, operating international hotel brands and employing thousands of people. But our story began here in Kütahya. That's why we approach every project that contributes to the city's social and cultural development with great sensitivity.

We are delighted to implement a long-term and permanent investment that will support both the academic and physical development of our youth. We believe that this collaboration with our esteemed Rector and the valuable university administration will make a meaningful contribution to the educational and sports infrastructure of Kütahya. The fact that the sports hall will bear the name of our Chair of the Board, Rıza Güral, is very meaningful to us. Because this is more than a facility — it is a symbol of the values that span from past to future. We will continue to support Kütahya and stand by our youth and educational institutions."
